

## **\*\* BE APP AWARE \*\***

Due to the limited security measures on this app, there are concerns around **young people being at risk of exploitation**

- ⇒ Omegle is a free online chat website that allows users to socialize with **strangers** without the need to register
- ⇒ Although the app says you must be 18+, or 13+ with parental permission, there is **no registration process**
- ⇒ Without a registration process, there is **limited information available** to know who you are speaking with
- ⇒ Omegle offers a Spy Mode, which gives two strangers a random question to discuss submitted by a third stranger who can **remain observing the conversation**

## **... BE SAFE ...**
